

# A Worthy Cause

The role as supporter of the Arts and Humanities is taken seriously. The council is dedicated to improving funding for area projects and raising awareness of the importance of the role of the arts and humanities in recovery from the recent natural disaster.

The focus for 2006 and beyond is to provide broader access to the many concerts, visual arts exhibits, lectures, showcases and workshops held throughout the Imperial Calcasieu region.

The Council has also rededicated itself to forging working partnerships with organizations and groups that share the same focus in order to maximize exposure and minimize expenses.

In order to succeed in our efforts, we must fund all of our projects. Not only is Cantastic a fundraiser, it also introduces Southwest Louisiana to a unique way of art. Cantastic will provide support for local food banks and other organizations which serve the community.
