

Cantastic

Louisiana

A Sportsman's Paradise

Call for Entries!

The Deadline is July 7th, 2006

We know you can!

Help the Arts and Humanities Council of SWLA stamp out hunger while spreading culture and education throughout the region.

Cantastic will showcase the talent and generosity of our city's creative communities and aid those helping in the fight against hunger. This competition brings together awesome teams of architects, engineers, artists, graphic designers and students to build unforgettable sculptures made almost entirely out of canned food.

After the judging and public viewing of the sculptures, all of the food used will be donated to local food banks. Help us with this worthy cause by entering your corporate, school or non-profit team today.

Get creative, have fun and pitch in...we know you can!

2006 Theme is Louisiana: A Sportsman's Paradise!

Celebrate our unique culture in a unique way. Anything and everything that is reminiscent of Louisiana and its culture is acceptable. Anything goes...within the bounds of good taste!
