

Peggy's Pretty Pacesetters

Ephesians 3:20 - God's Abundance

He is able to do increasingly, abundantly more, above all that we could ask or imagine according to HIS power that is at work withing us.

Our Mission: NSD in 2007

Our great National Pat Fortenberry is retiring in January of 2007 and she wants to go out with a bang. Her goal is to retire with 50 offspring Nationals! Her goal has brought forth our mission, to debut as one of her fifty.

Peggy has come a long way in her career, but we are not done yet! This has long been in her foresight, but now it is a written goal. After completing the awesome goals of winning 12 Cadillacs and building her dream home, it seems that she can do anything. But, she will need YOUR help!

We are well on our way, with three offspring directors already. We still need seven. This is very doable. We have a very strong and motivated unit. that can accomplish anything.

So, what does it take to be a national? The most basic way to acheive this is by10 first line and 8 second line directors.

Our wonderful leader, Peggy Stollsteimer. Director of Peggy's Pretty Pacesetters and Future NSD.

You can help by showing your support and attending meetings, selling product, and finding awesome and motivated new

team members. How? **BOOK, BOOK, BOOK!** As with anything, if you need help please contact her at 337-540-7068.

**UnitNet**

Unitnet is one of our newest resources. You can find recognition and training 24/7, just log in! The url is www.unitnet.com/pstollsteimer the password is book10. You can also print out you own color copies of the monthly newsletter. Be sure to check out our new photo album for pictures from all events.

Master Consultants!

I know you are ready to move up in your business, so Master Consultants is an awesome tool to help you move along! It offers specialized training for each and every level. Guests will be treated like models and pampered all day. Then, our awesome Directors will go through the five minute marketing with them.

I attended the last Master Consultant meeting and let me tell you, it was amazing! First, Lynn Teller entertained and also informed us on many aspects of lips and lipstick applications. While she went through her fifteen minute lips class with us, we actually applied the product as if we were being facialed! I felt so pampered. She also let us in on Mary Kay's "Miracle Color," Garnetfrost. She said that it was once a color that was discontinued, and that the company had to bring it

Lucious Lips

Gale Elliot shows off her awesome recruiting skills at last month's Master Consultant workshop with the 5 minute marketing plan.

back because they were losing millions of dollars in sales without this very versatile color! She demonstrated on her hand how the color transforms to go with every single lip liner we have! This is something you could do at all of your normal

facials. It adds up that if every woman you facialed buys one lipstick at \$13 and three different lip liners at \$9.50 each to be \$41.50 per person! I can totally get excited about that! Then you add in skin care and a color look, and that will

definitely put you into superstardom!

So, now that I have you interested in going, let me tell you about this month's plans. It is all about the eyes to get a nice, balanced look, with our new found knowledge about lipsticks, liners and glosses. The cost is \$10 per person. Bring lots of guests because after their marketing session, they will be entered into a drawing for a great prize! Who doesn't love prizes? Call up your director to reserve your ticket(s) because they always go fast.

Need another reason why to attend besides learning new techniques for yourself, your customers, how to move more product, motivation, and just to mingle with and learn from your fellow consultants? Awesome raffles. Our directors always have the cutest, and newest raffles. They're great!

Star Prize Categories

You still have plenty of time to put yourself into one of the star categories! There are more benefits to being a star other than amazing prizes! First, all stars get to have a Stars night out with the directors. They always have something awesome planned and are so fun and motivating to be around. Second, when you are a star, the chance is greater that your website comes up whenever someone does a consultant search online.

Third, you will be stocked up on product. That means being able to serve you customers even better than before. And finally, you will help our entire unit by achieving our goal of having 65 star consultants by the time of Seminar 2006.

It's never to late to do it. But, if you can't do it now, set your goals for next quarter. With all of the awesome new products coming out, it will be easy to move them, fast!
